Dear Council Members:

With this letter, I'm formally requesting the return of my Yamaha Blaster All Terrain Vehicle ATV, dropped off at the Town Highway Barn more than a year ago and mistakenly listed by the NY State Police as abandoned.

By explanation, the ATV was left in my woods off Sucker Lake Road and was last spring brought to the State Trooper office in Gouverneur for a VIN check, and left there at the suggestion of the trooper on duty. I was told at the time that it would be stored at Raybrook and I could pick it up after a year.

This spring, after several attempts, I learned that instead of the Raybrook NYSP facility, the ATV was left with the Town of Fine Highway Dept. I have spoken with your Highway Superintendent Mr. Typhair, who confirms that my machine has sat there for more than a year, that his department has not used it, and that it is actually taking up space that his department could use.

With your concurrence, I will happily coordinate with Mr. Typhair to pick up my ATV at his convenience and return it to storage at my place, 1148 Sucker Lake Road, Oswegatchie.

Thank you for your time and attention to this matter.

Sincerely,

Richard V. Dowling,
